

# Feeling hot and angry?...

...keep your cool with the

## convair® 900 Prestige

This stylish and portable evaporative fresh air cooling system is ideal for use in your home or office. In fact, anywhere where rooms get hot and stuffy from inefficient ventilation, which leads to irritability and uncomfortable living and working conditions. This can become a thing of the past by investing wisely in a Convair.

Using the same principles as nature to cool, the Convair Prestige 900 allows you to enjoy naturally cooled air and gentle breezes wherever you want them. The patented evaporative air conditioning system helps you stay cool at all times and is a low-cost alternative to full air conditioning which is both costly to install and to run.

Rotated cool air lets you stay cool and relaxed.

- *Motorised rotating grille for even air flow.*
- *Environmentally friendly - cools without using harmful CFC gases.*
- *Uncomplicated and simple controls.*
- *Quiet operation. Delivers excellent cooling to where you want it.*
- *Draws, filters and cools fresh air from outside.*
- *Low running costs. Uses less than a 100watt light bulb.*
- *As a fan - it gently circulates the air.*

fresh, clean air

The 900 Prestige - the portable fresh air cooler

convair®

# Keeping you cool is easier than you think...

## Convair – the natural cooling system

Gentle sea breezes feel cooler because hot air is blown over the water causing some of it to evaporate and absorb heat. The air is cooled by this evaporation process to become a refreshing breeze.

Using the principle of natural evaporation, our designers and engineers created the Prestige 900 so that you can enjoy the benefits of fresh clean air in your home or workplace. We made it portable so you can be cool and comfortable wherever you are.

The Prestige 900 draws air and passes it through large, wet filter pads by a powerful fan. The air is then cooled by the evaporation process so you stay cool and comfortable throughout the day or night.

## Portability – Reliability – Versatility

Manufactured in Australia, one of the hottest and driest climates on earth, means that the Convair Prestige 900 is capable of performing efficiently in tough conditions. That is why it is the world's number one quality performer with outstanding versatility and reliability.

The patented fan and purpose-built motors ensure quiet operation whilst they keep you cool. Our rotating grille distributes treated air to wherever you are in the room. Four strong twin castor wheels make it easy to move the cooler from room to room. The durable and strong polymer cabinet will blend with any decor and its tough construction will give you years of service.

### IMPORTANT

Evaporative air coolers only work to full efficiency when there is a window and door both partially open to allow air to flow through.

- **Motorised rotating grille.**
- **3 speed fan controls different cooling settings.**
- **Delivers an air flow of 864m<sup>3</sup> per hour, using as little as 84watts of power.**
- **Will not rust or corrode.**
- **Twelve month warranty.**
- **15 litre capacity water container - easy to fill and discharge.**

### For the technically minded

Electrical	220-240 volts 50hz
Electrical Consumption	84 watts
Room size	will cool and change the air every 3 minutes in a room 15-18 m <sup>2</sup>
Water Tank Capacity	15 litres
Dimensions	1026mm High (on stand) 615mm Wide 265mm Deep
Weight Shipping	12.7kg
Net	11.4kg

Manufactured by Seeley International Pty. Ltd., South Australia
